

## **Commandments for Continuous Improvements**

1. Problems create opportunities
2. Ask “Why?” 5 times
3. Seek ideas from everyone
4. Think of solutions that make it possible
5. Reevaluate fixed ideas (process redesign)
6. Excuses are not needed (no blaming and justifying)
7. Choose a simple solution (might not be the perfect one)
8. Correct mistakes immediately
9. Use your craftiness (not your cash)
10. Continuous improvement is endless
