CLIENT INFORMATION AUTHORIZATION. The customer hereby authorizes its local distribution company "LDC" or Supplier to provide Electric or Natural Gas usage history, rate class or other relevant information about the accounts listed above. Customer agrees to sign any specific authorization documents requested in order to allow Metromedia Energy (MME) access to such information. This is **not a contract agreement**, but simply allows MME the right to obtain price quotes from our various suppliers on your behalf.

The customer hereby agrees to engage MME as its exclusive agent for the duration of this Agreement for the sole purpose of determining our electric or natural gas offer price. This Agreement shall become effective for an initial period of 180 days, and shall be automatically renewed month-to-month unless Customer or MME informs the other in writing with 90 days' notice.
