Where can I get custom transfer sheets for a logo?

Robbie Thomas – June 30, 2015

Q: Pre booked a Christmas Party for a local Edward Jones Rep. I'd like to do a transfer sheet or printable material. The office reception will only have about 100 people. I don't have any experience or equipment for this. Anyway to have some company do this?

A: Margot Jones- You mean a logo?

Robbie Thomas- Yes

Donna Ford- Get the logo from the client and call Chef rubber!

Margot Jones- We have a dedicated edible printer. You can also try your bakery department of your grocery store. We have done that and paid \$8 a sheet. Donna Ford what does chef rubber do?

Amy Jurist- Chef rubber to create a custom transfer sheet for chocolate. Margot Jones is right for logos on edible paper to put on a cake or cupcakes.
